# Test für perkussive Gitarren

The above score should show the following:

A : Four fourths of middle cs

B : normal note inside a \perc environment.

This part generates a warning: **No predefined NoteHead found for ridecymbal**

C : Known drums inside \perc . should look like: f' cross, d' circled cross, rest, e circled cross, g circled cross.

D : Known drums in unfolded repeat (f' cross) and one unknown drum (slash) inside \perc .)

This part generates a warning: **This is not a drum! MIDI output unspecified**
